

FOR IMMEDIATE RELEASE

Fostering Hope Receives \$10,000 Grant from the Pottstown Regional Community Foundation

Pottstown, PA – June 1, 2026 - Fostering Hope, a volunteer-driven nonprofit organization that serves the foster care community, is proud to announce that we have been awarded a \$10,000 grant from the Pottstown Regional Community Foundation. This grant will help to support the transition to our new Customer Relationship Management (CRM) system, as well as hold a retreat for our leaders across the organization.

“We are excited to partner with the Pottstown Regional Community Foundation. With this grant, we will be able to update our CRM system, which is essential for our organization because of our sustained growth over the past couple years. The new CRM will enhance efficiency and improve support for chapters organization-wide,” shared the Fostering Hope Board of Directors.

In 2026, Fostering Hope was able to serve over 6,000 youth experiencing foster care across our 12 chapters. We are committed to ensuring that every youth experiencing foster care feels safe, valued, and supported throughout their journey. Partnerships with organizations such as the Pottstown Regional Community Foundation, ensure we are able to continue to spread our mission across our communities and provide dignity to those within the foster care system.

##

About Fostering Hope

Fostering Hope is a volunteer-driven, donation-based 501(c)(3) nonprofit organization serving the foster care community throughout the Greater Philadelphia region. Headquartered in Pottstown, PA, and serving at 12 chapters across 11 counties, Fostering Hope provides dignity and support to youth experiencing foster care, as well as those who open their hearts and homes to care for them.
